BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

About Route Mobile Limited

Route Mobile Limited ("RML" or "Route Mobile") is a leading CPaaS provider that caters to enterprises, over-the-top ("OTT") players, and mobile network operators ("MNO"). Our Omnichannel CPaaS stack includes Enhanced Business Messaging, A2P Messaging, Roubot, OCEAN, Voice, Email, Digital Identity and Authentication solutions for global enterprise clients. Our clients include some of the world's largest and most well-known organisations, including several Fortune Global 500 Companies.

We offer cloud communication services to clients across diverse sectors, including Banking and Financial Services, Aviation, Retail, E-commerce, Logistics, Healthcare, Hospitality, Media and Entertainment, Pharmaceuticals and Telecom. Further, we offer SMS filtering, analytics, SMS firewall, SMSC, MMSC, and SMS monetization solutions to MNO globally. One of our unique strengths is our network of 1000+ connected operators, allowing us to provide SMS termination in any part of the world with the best routing.

Established in 2004, we are serving more than 40,000 customers worldwide. Our goal is to add value at multiple touchpoints across the Omnichannel CPaaS value chain while addressing unique industry use cases for our clients. We are headquartered in Mumbai, India, and have operations in over 20 countries across Asia Pacific, the Middle East, Africa, Europe, and the Americas. Route Mobile is now a part of Proximus Global, a provider of digital services and communication solutions operating in Belgium and international markets.

As our business grows, we're committed to making a positive impact on the environment, helping society, and being transparent. We always blend our sustainability goals with our business plans, seeing our focus on ESG as crucial for creating lasting value for everyone involved.

This Business Responsibility and Sustainability Report includes our responses to questions on our practices and performance on key principles defined by Regulation 34(2)(f) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015 ("SEBI Listing Regulations"), covering topics across environment, governance, and stakeholder relationships. This report covers database on standalone basis unless otherwise specified.

26. Overview of the entity's material responsible business conduct issues

(Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk along-with its financial implications, as per the following format)

- The materiality map for RML was developed by first identifying the sets of issues that were deemed to be material for the Company basis the research on industry, peers, and the Company itself. This list was then prioritized by the senior management to arrive at the final set of material issues for the Company.

S. No.	Material Issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk or opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1.	Digital theft, mobile security and firewall	Opportunity	As with every passing day, more and more people adopt and shift to digital transactions, theft and security issues have also emerged; countries across the globe have a sizeable elderly population who may not be very sophisticated in operating phones and computers; this offers an incredible opportunity for RML through security/scanning offerings, thereby leading to increasing revenue from our curated service offerings.	NA	Positive
2.	Talent pool	Opportunity and Risk	Increasing revenue from service offerings from cutting edge technology & products, enabled by our talent pool; this could also pose as threat as the Company may lose in talent retention if the millennial talent pool is not provided with satisfactory career programs accompanied by industry competitive facilities at work place.	Talent re-skilling, attrition	Positive: Given niche talent pool, we can emerge as a preferred business partner.
3.	Platform reliability	Opportunity	Our platform reliability creates differentiation from competitor, by ensuring high service delivery.	Strengthen infrastructure, implement redundancy measures, and continuous monitoring and maintenance	Negative
4.	Business Continuity	Risk	Any downtime can result in poor customer experience, and potential customer loss.	Develop comprehensive business continuity plans, conduct regular drills and testing, and establish backup systems	Negative

S. No.	Material Issue identified	Indicate whether risk or opportunity	Rationale for identifying the risk or opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
5.	Innovation	Opportunity	We continuously enhance product capabilities and drive multiple revenue streams with existing/new customer base. At the same time, this helps enhance service quality and customer retention.	Foster a culture of innovation, invest in R&D, and collaborate with technology partners	Positive
6.	Digital Inclusion resulting in market growth	Opportunity	In order to provide access to everyone in society, especially those in rural areas and low-income households, Companies are making huge investments in digital Infrastructure and programmes that aim to narrow the digital divide. As more companies across various sectors have started using cloud-based services, the cloud communication market in India is expanding quickly. This creates various opportunities for RML.	NA	Positive: With Digital inclusion and rapidly growing market, several opportunities are created.
7.	Data privacy and Regulatory compliance	Risk	As we process data, we may be exposed to privacy breach claims. Further various countries have regulatory authorities for e.g., TRAI in India. These authorities define rules of the game for CPaaS players and changes to these regulatory requirements could affect business potential.	Privacy policy, Employee Training, Robust Compliance programme, Audit	Negative: Claims under privacy laws in jurisdictions where we operate. There's an element of increased cost to hire privacy professionals in different jurisdictions.
8.	Cybersecurity Threats	Risk	Increasing cyber threats can compromise data and operations, therefore mitigating cybersecurity risks is essential to protect company data and operations.	Invest in and deploy advanced cybersecurity tools and measures, regular security audits, employee training	Negative: Potential financial loss from data breaches and recovery costs.
9.	Customer Retention & Satisfaction	Opportunity	High levels of customer satisfaction lead to better retention rates and increased revenue.	Implement customer feedback systems, improve service quality, provide excellent customer support	Positive: increased customer loyalty and revenue
10.	Supply Chain Disruptions (MNO's and Infra vendors)	Risk	Global events can disrupt the supply chain and affect service delivery. Any disruptions in our telecom partner operations or hardware vendors, affect our ability to deliver quality services.	Enhance our diversified pool of suppliers and super network of operator connects	Negative: Potential delays and increased costs
11.	Technological Obsolescence	Risk	Rapid technology changes can render current systems obsolete.	Regularly update tech, invest in R&D, stay ahead of industry developments and needs	Negative: Increased investment in technology updates.
12.	Regulatory Changes	Risk	New regulations can impose additional compliance requirements and costs. Potential of inadvertently violating regulations can make us liable.	Stay updated with regulatory changes, adjust compliance programs accordingly	Negative: Increased compliance costs and potential fines.

- 2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)**

Yes.

We are CPaaS company; however, all our procurements follow the principle of sustainable sourcing.

- b. If yes, what percentage of inputs were sourced sustainably?**

As a part of our on-boarding process for suppliers, we require their acceptance to RML's Supplier's Code of Conduct. Furthermore, we insist that our suppliers adhere to our comprehensive 'Supplier Code of Conduct', which covers crucial areas such as anti-bribery, prohibition of child labour, and anti-harassment measures.

Additionally, a significant portion of our value chain partners comprise large telecommunications operators. These partners adhere to stringent sustainability standards and maintain relevant certifications. This partnership ensures that our sourcing practices align with sustainability principles and contribute positively to our environmental and social footprint.

However, it is important to note that while we prioritize sustainable sourcing, the exact percentage of inputs sourced sustainably is currently not ascertainable due to the varied nature of our sourcing practices and the complex metrics involved in sustainability assessments. We are continually working to enhance our data collection and analysis capabilities in this area to provide more quantifiable measures of our sustainability efforts.

- 3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.**

As an IT services company, our waste generation is not substantial as that of other industries like a plant or factory. Nevertheless, we are conscious and sensitive regarding importance of reusing, reducing and recycling of waste generated during our business operations and to the extent applicable, we have adequate processes in place for recycling of waste generated including e-waste, battery waste, plastic waste, printer cartridges through approved recyclers.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes/No). If yes, whether the waste collection plan is in line with the EPR plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

PRINCIPLE 4: Businesses should respect the interests of and be responsive to all its stakeholders

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

The Company follows a structured approach to identify its key stakeholder groups based on the nature of its business, the extent of its impact on stakeholders, and their influence on the Company's long-term growth and operations. As a cloud communications platform provider, the Company has identified employees, customers, shareholders and investors, business partners and vendors, and regulatory authorities as its key stakeholders, considering their strategic importance and ongoing engagement with the business.

The Company engages with these stakeholders through established communication and feedback mechanisms, including employee engagement initiatives, customer interactions, investor communications, partner and vendor engagements, and regulatory consultations. The insights gathered through these interactions are periodically reviewed by the management and help inform business decisions, enhance operational effectiveness, strengthen governance practices, and support sustainable value creation.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Regulators and Government Authorities	No	Representations in policy advocacy, engagement with industry bodies	Annually and as and when required	Changes in regulatory environment, notices and queries on specific issues and incidents, notification for any incidents RML is obligated to report

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.	Our most critical stakeholder is the end user of our services, through our direct customers. RML being a communication partner, is a critical partner to enterprises which provide a range of services to ordinary citizens like banking, travel, shopping etc. we continuously take feedback from our customers which are largely B2C businesses to identify areas of vulnerability and incorporate necessary changes to our offerings to make it more robust and seamless. We understand that privacy and data protection are a very crucial area of concern for our customers as well as the end users, who trust us with their personal data. We continuously look for vulnerability assessments and endeavor to make data processing and retention, secure and reliable.
2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes/No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.	
3. Provide details of instances of engagement with, and actions taken to, address the concerns of vulnerable/ marginalized stakeholder groups.

8. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

The Company has a comprehensive framework in place to protect individuals who come forward with complaints of discrimination or harassment, as reflected in our Whistle-blower and POSH policies.

Our Whistle-blower Policy encourages all employees to voice concerns regarding human rights violations, improper conduct, or any unethical activities within the Company. We assure our employees that any such reports made in good faith will be treated with utmost confidentiality and respect. Importantly, we have a strict non-retaliation clause embedded in this policy, which strictly prohibits any form of retaliatory action against individuals who report such incidents. We have designated a Competent Authority to handle these complaints, ensuring that they are addressed professionally and appropriately.

Similarly, our POSH policy is designed to prevent and address sexual harassment in the workplace. We are committed to providing a safe and inclusive working environment for all our employees. If an employee or job applicant chooses to exercise their right to make a complaint under this policy, we guarantee that they will be protected from any form of retaliation. This is part of our commitment to fostering a respectful and dignified work environment for all.

We regularly reinforce these policies and their protections during mandatory training sessions, ensuring that every member of our team understands their rights and the Company's commitment to uphold them. We also continually review and update our policies in accordance with evolving laws and societal standards to make sure we are providing the best possible protections for our employees.

9. Do human rights requirements form part of your business agreements and contracts?

Yes. Our commitment to upholding human rights extends not just to our own operations, but also to our business relationships. As such, we have incorporated human rights requirements into our business agreements and contracts.

Our Supplier Code of Conduct, which forms a standard clause in all our contracts, explicitly outlines our human rights expectations. Our major suppliers, including those providing IT support, staffing solutions, facility management, and security services, are bound by this Code. This is especially significant for those suppliers that employ individuals from more vulnerable demographics with lower literacy levels.

We make every effort to ensure our partners are well-informed about our Supplier Code of Conduct and the human rights requirements it entails. We emphasize the importance of these standards not only in initial contract negotiations but also in our ongoing business relationships. Our partners' adherence to these standards is a key component of our decision-making when selecting and retaining suppliers.

Furthermore, we monitor compliance with these standards regularly and take necessary action in the event of non-compliance. This diligent approach is part of our commitment to promote human rights across our business ecosystem and to contribute positively to all communities we interact with.

10. Assessments for the year:

	% of your plants and offices that were assessed (by entity or statutory authorities or third parties)

Leadership Indicators

1. Details of a business process being modified/ introduced as a result of addressing human rights grievances/ complaints.

None.

2. Details of the scope and coverage of any Human rights due-diligence conducted.

Our HR department is responsible for implementing principles of United Nations guiding principles on Human rights. Further various trainings are conducted on the code of conduct of the Company by the HR team to educate the employees about their rights. An annual confirmation is procured from the employees wherein they are entitled to report any incident violating their human rights. Till date no such instance under the Company's code of conduct has been reported.

RML's suppliers shall confirm compliance with the Company's supplier code of conduct by continuously documenting compliance, providing information to RML on request, and allowing on-site audits by RML or an external auditing company representing RML whenever requested.

3. Is the premise/ office of the entity accessible to differently abled visitors, as per the requirements of the Rights of Persons with Disabilities Act, 2016?

Our offices are accessible with ramps at applicable locations. At large office locations like Mumbai and Bengaluru washrooms are enabled for wheel chair access, apart from accessible walkways and common areas.

4. Details on assessment of value chain partners:

	% of value chain partners (by value of business done with such partners) that were assessed
Sexual Harassment	At Route Mobile, our value chain primarily consists of large telecom partners who are recognized for their robust policy frameworks that uphold ethical corporate behaviour in accordance with international benchmark practices. This ensures that the vast majority of our value chain is governed by stringent ethical standards, reflecting our own commitment to corporate responsibility and integrity.
Discrimination at workplace	
Child Labour	
Forced Labour/Involuntary Labour	
Wages	
Others – please specify	Our Supplier Code of Conduct is a crucial component of our contractual relationships, underpinning our interactions with all our partners, suppliers, and vendors. It's not just a document; it's a commitment that forms a standard clause in all our contracts, reinforcing our collective responsibility to uphold ethical practices.
	While we trust in our partners' established policy architecture, we also believe in proactive measures to ensure compliance. Therefore, we are taking steps towards assessing the adherence of our value chain partners to our Supplier Code of Conduct, thus further ensuring that our commitment to ethical practices is consistently upheld across our entire value chain.

5. Provide details of any corrective actions taken or underway to address significant risks/ concerns arising from the assessments at Question 4 above.

Based on current year assessment, no gaps have been identified necessitating corrective actions.

Others – please specify	NA	NIL	NIL

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Yes/No) If yes, name of the external agency.

Yes, Independent assessment has been carried out by Paul Shantanu Engineering Pvt. Ltd. (Rated by Crisil and Care, Certified by BEE and an ISO 50001 accredited Company) for the FY 2025-26.

7. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter	Unit	FY 2025-26	FY 2024-25
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	NIL	Nil
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	Metric tonnes of CO ₂ equivalent	171.37 Metric Ton of CO ₂ equivalent	188.95 Metric Ton of CO ₂ equivalent
Total Scope 1 and Scope 2 emissions per rupee of turnover (Total Scope 1 and Scope 2 GHG emissions/Revenue from operations)		0.289×10 ⁻⁸ tCO ₂ /FTE/ annum (Financial)	0.409×10 ⁻⁸ tCO ₂ /FTE/ annum (Financial)
Total Scope 1 and Scope 2 emission intensity per rupee of turnover adjusted for PPP (Total Scope 1 and Scope 2 GHG emissions/Revenue from operations adjusted for PPP)		NA	NA
Total Scope 1 and Scope 2 emission intensity in terms of physical output		0.289×10 ⁻⁸ tCO ₂ /FTE/ annum (Financial)	0.409×10 ⁻⁸ tCO ₂ /FTE/ annum (Financial)
Total Scope 1 and Scope 2 emission intensity (optional) – the relevant metric may be selected by the entity		NA	NA

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Yes/No) If yes, name of the external agency.

Yes, Independent assessment has been carried out by Paul Shantanu Engineering Pvt. Ltd. (Rated by Crisil and Care, Certified by BEE and an ISO 50001 accredited Company) for the FY 2025-26.

8. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

No

9. Provide details related to waste management by the entity, in the following format:

Parameter	FY 2025-26	FY 2024-25
Total Waste generated (in metric tonnes)		
Plastic waste (A)	0.30136 metric tons	0.24913 metric tons
E-waste (B)		
Bio-medical waste (C)		
Construction and demolition waste (D)		Nil
Battery waste (E)		
Radioactive waste (F)		
Other Hazardous waste. Please specify, if any. (G)

Leadership Indicators

1. Water withdrawal, consumption and discharge in areas of water stress (in kilolitres):

For each facility/plant located in areas of water stress, provide the following information:

- (i) **Name of the area:** During the reporting period, we did not have any facility/ plant operations in any water stressed areas ('WSA') in terms of Atal Bhujal Yojana ('ABY'). ABY is a groundwater management scheme (Central Sector Scheme, for sustainable /management of ground water resources with community participation) in India under Ministry of Jal Shakti, Govt. of India.
- (ii) **Nature of operations:** Omni-Channel cloud communication, CPaaS, CxPaaS.
- (iii) **Water withdrawal, consumption and discharge in the following format:** Our only use of water is with regard to drinking water requirements and hygiene for our employees in Office, which is primarily supplied by tanker waters in case of water shortage. There is no ground water withdrawal for any part of our operations. As our operations do not involve water, there is no Effluent discharge.

Parameter	FY 2025-26	FY 2024-25

3. With respect to the ecologically sensitive areas reported at Question 11 of Essential Indicators above, provide details of significant direct & indirect impact of the entity on biodiversity in such areas alongwith prevention and remediation activities.

Not applicable as we do not have operations/offices in/around ecologically sensitive areas.

- 4. If the entity has undertaken any specific initiatives or used innovative technology or solutions to improve resource efficiency, or reduce impact due to emissions/ effluent discharge/ waste generated, please provide details of the same as well as outcome of such initiatives, as per the following format:**

Sr. No	Initiative undertaken	Details of the initiative (Web-link, if any, may be provided along-with summary)	Outcome of the initiative
	At RML, major emissions arise from purchased electricity, work commute and business travels. We continuously innovated and improved our data centre energy efficiency through initiatives like data centre/ server room consolidation, rack cooling solutions, air-flow management, UPS load optimization through modular UPS solutions and centralized monitoring. Our operations do not generate any waste except nominal obsolete IT hardware waste, which are disposed of in a legally compliant manner, ensuring that it does not potentially cause harm to humans, animals and environment. We ensure that e-waste disposal in landfills are not allowed as part of our commitment to clean environment.		

- 5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.**

RML has a robust Business Continuity and Disaster Recovery Plan (BCP/ DR), which is tested annually. It is based on the principles of prevention, preparedness, response, and recovery. We follow a risk-based approach to identify credible business risks and review the management plan regularly to ensure that it is up-to-date and effective. Emergency preparedness aims to reduce the consequences of damaged caused by unexpected situations like accidents, fire, sabotage, spills, explosions, natural disasters, terrorist activities and medical emergencies. It includes a series of actions to be taken in the case of such emergencies. It shows the preventive actions, preparation to meet adverse situations, how to mitigate them and how to have positive controls during that situation to save lives and reduce property damage. We have also achieved the Capability Maturity Model Integration (CMMI) Level 5 Certification through GAAFS and QCAS Certifications Inc.
